AMENDMENT

Sir:

In response to the official action dated February 8, 1999, in which claims 103 and 104 were allowed, and claims 95-102 were rejected, the following amendments and remarks are respectfully submitted.

IN THE CLAIMS

95. (Amended) A device for closing a puncture in a wall of an artery comprising:

an elongated member having a distal end, said elongated member sized to be fitted through a passageway leading to said puncture so that said distal end is disposed near said puncture in said artery,

separable plug means for plugging said puncture being disposed in [at said distal end of] said elongated member,

movable guide means extending longitudinally through said elongated member and said plug means for extension through said puncture for guiding said plug means to said puncture, and

I hereby certify that this correspondence is being deposited with the United States Postal Service with sufficient postage as First Class mail in an envelope addressed to Assistant Commissioner for Patents, Washington, D.C. 20231 on June 21, 1999.
